

ODIS

DYNAMIC REFRIGERATION

Domestic | Commercial | Hospitality | Agriculture

explore our energy efficient and stylish
collection of Freezers, Chillers & Bar Fridges

odisappliances.com

**You can trust our refrigeration solutions
to keep your items fresh all day,
*everyday***

The ODIS range of freezers, chillers and bar fridges bring you dynamic cooling solutions with ideal operational temperatures to ensure your products and produce are stored to maintain optimal freshness.

Our refrigeration products are suitable for domestic, hospitality, commercial environments, and agricultural purposes. They are the perfect choice for the display of food and beverages with energy-efficient benefits.

The display glass of our products are made of ultra-white tempered glass, which has a beautiful, elegant appearance. It gives the perfect perspective effect to make stored food and beverages clear at a glance.

Environmentally Friendly

Our products use R290 refrigerant gas which is the most natural and pure environmentally friendly refrigerant gas to fulfill our refrigeration needs, while looking after our planet.

R290 gas has a GWP (Global Warming Potential) of 2 compared to R22 (1810) and R410a (2088).

The advantages of R290 gas doesn't stop there, it also has excellent energy efficiency of up to 34% higher than R32 as it requires less energy to reach and maintain the desired temperature.

ODIS FREEZERS

The ODIS freezers are the perfect blend of elegance and efficiency. Designed with the latest energy-saving technologies, our freezers are Energy Star certified.

Our range of freezers offer a sleek, minimalist design, crafted from premium materials, for maximum performance and functionality.

The freezers offer spacious, flexible layouts and adjustable shelving, as well as compartments. Advanced features include automatic closing doors, optimal temperature management, brilliant LED lighting, automatic defrost and whisper-quiet operation.

PRODUCT FEATURES

Experience the ultimate in luxury and energy efficient performance with the ODIS freezers. The freezers have a dynamic cooling system with ideal operational temperature range of -18°C to -22°C .

Product features include:

- ✓ Brilliant internal vertical LED strips
- ✓ Digital temperature controller and display
- ✓ Glass doors with triple glaze
- ✓ Automatic closing doors
- ✓ Adjustable PVC coated shelves
- ✓ Ventilated cooling system
- ✓ Automatic defrost
- ✓ Maintenance free condensor
- ✓ Modern and efficient design
- ✓ Whisper-quiet operation
- ✓ Visibility from front and sides
- ✓ 4 castor wheels and 2 brakes

Superior Compressor

ODIS freezers use a superior, fully enclosed compressor by Embraco.

The Embraco NEX series fixed speed compressor has two efficiency levels and is designed especially for use in commercial refrigeration offering robustness and reliability for retail food supply and food service equipment.

DOUBLE DOOR UPRIGHT 3 SIDE DISPLAY FREEZER

ODIS

The 3 Side Display Freezer offers the perfect solution for showcasing frozen items with visibility from three sides, blending modern design, functionality and energy efficiency.

SPECIFICATIONS

Capacity	725L
TDA (m2)	3.15
TEC (kWh/24h)	10.931
EEI	17.7
Energy Rating	8
Outer Material	Coating
Inner Material	Coated Aluminium
Door	Clear Triple Glazed Glass
Temp. Range	-18° to -22°
Cooling System	Ventilated Fan
Thermostat	Digital
Compressor	Embraco
Condenser	Copper Tube with Finned
Refrigerant	R290 / 130g
Voltage/Frequency	220V / 50Hz
Defrost	Automatic
Light	LED-6500K
Input Power	650W
Shelves	5 PVC Coated Shelves
Shelves Holder	Stainless Steel / Aluminium Alloy
Wheels	4 castors with 2 brakes
Dimensions	1255 x 730 x 2000mm
Net Weight	243kgs

and performance with the ODIS Chiller,
redefining modern refrigeration.

ODIS CHILLER

The ODIS Commercial Chiller has a 10 star energy rating, providing the most reliable and efficient refrigeration for hospitality and commercial environments.

This top-tier refrigeration solution combines elegance with professional grade performance to ensure optimal cooling. It's the ideal solution for showcasing your food and beverages.

PRODUCT FEATURES

A reliable and efficient Commercial Chiller with a stylish design, and a 10 star efficiency rating. The perfect refrigeration solution for showcasing your food and beverages with ease of accessibility.

Product features include:

- ✓ 10 star energy rating
- ✓ Clear glass doors with triple glaze
- ✓ Dynamic cooling system
- ✓ Food and beverages clearly displayed
- ✓ Temperature range from 0°C to 10°C
- ✓ Ease of accessibility to products
- ✓ Adjustable PVC coated shelves
- ✓ Modern and efficient design
- ✓ Whisper-quiet operation
- ✓ Cubigel inverter compressor
- ✓ Automatic defrost
- ✓ 4 castor wheels and 2 brakes

DOUBLE DOOR UPRIGHT COMMERCIAL CHILLER

A top-tier refrigeration solution that keeps your items fresh all day, every day. The ODIS Commercial Chiller offers efficiency while minimising your environmental footprint.

SPECIFICATIONS

Capacity	735L
TDA (m2)	1.40
TEC (kWh/24h)	2.098
EEl	8.35
Energy Rating	10
Outer Material	Coated Metal
Inner Material	Coated Metal
Door	Clear Double Glazed Low-e
Temp. Range	0° to 10°
Temp. Class	M1
Cooling System	Dynamic Cooling
Thermostat	Digital
Compressor	Cubigel Inverter Compressor
Condenser	Skin Type
Refrigerant	R290 / 75g
Voltage/Frequency	220-240V / 50Hz
Defrost	Automatic
Light	LED 9000-10000K
Input Power	200W
Shelves	5 Layers of Shelves
Shelves Holder	Stainless Steel / Aluminium Alloy
Wheels	4 castors with 2 brakes
Dimensions	1120 x 595 x 1995m
Net Weight	165kgs
